

# Southeast Asia Program

Explore **Thailand and Malaysia** in a way you never could on your own:

- ✚ Stay in a Thai village;

- ✚ Hike in Malaysia's rainforest;

- ✚ Meet with NGO staff working on human rights, trafficking and women's issues

- ✚ Hear from the UN's refugee agency and UNICEF;

- ✚ Understand the life of refugees—visit their "underground" school; get briefed by Outstanding professors in both countries

- ✚ Travel with an international group of participants (thus, it's an English-language program)
