はじめに Introduction

【サークルとは】

慶應義塾大学には、非常にたくさんのサークルがあります。サークルとは愛好会、部活、学生団体の意味で、同じ趣味や目的の持った仲間が集まり定期的に活動しています。日本人の友人を作るためにも、日本の文化を学ぶためにも、興味のあるサークルがあればぜひ参加してみましょう。

本冊子には留学生の所属できる103の団体、サークルがまとめられています。サークルには「日本語ができる留学生なら所属できるもの」と「日本語ができなくても所属できるもの」があるので各サークルの紹介文を確認しましょう。

また、サークルとは別に体育会という学生主体で運営される大学公式スポーツチームもあります。こちらはサークルよりも練習量が多く、時間的拘束が強いという特徴があります。リスト中、体育会にはVarsityと記載しています。

【What is a "circle"?】

A "circle" is a club operated by students at a university, whose membership typically consists of only students and/or alumni with similar interests. There are over 103 recognized circles at Keio, and this booklet contains a list of circles that welcome international students.

There is also another student-run organization called the "Keio University Athletic Association." Its member clubs, marked "Varsity" on this list, proudly represent the university at competitive sporting events, and these clubs require more commitment in terms of time devoted to practice.

*** Please note that some circles only accept international students who speak Japanese, so we suggest that you check the "Membership Requirement" section of each circle.**

はじめに Introduction

【入部方法】

サークルに入るための手順は各サークルによって異なります。ただし基本的には、以下のいずれかで問題ありません。

- 1.連絡先にメールを送る。
- 2.直接サークルの部室や活動場所に行く。

詳しくは各団体紹介に詳細が書かれています。また入部の際にはサークルの入部期限にも気をつけましょう。

もしサークルに入るのに際し、困ったことがあったらKOSMICにご連絡ください。

【How to Join】

The steps one must follow to join a circle vary depending on the circle. You can typically join by contacting the circle by e-mail and/or visiting the club's meeting space.

***Please check the "How to Join" section of each circle.**

In addition to the membership requirements and how to join the circles, be sure to check the entry deadlines as well. Further information for each circle are listed in this booklet. If you need any further assistance, please contact KOSMIC.

We, the Keio Backpacking Club (KBP), are an outdoor club that goes out into the great outdoors with the bare minimum of gear on our backs. Our main activity is mountain climbing, but we are a free-spirited club that is willing to do anything as long as it falls within the category of outdoor activities. KBP is a "free plan system. You can choose your own plan from a variety of plans that are freely proposed by the club members. There are even some great hikes where we carry tents and stay in the mountains for days at a time. If you can't take a day off, you can join an easy one-day hike to see the autumn leaves. This is what KBP is all about.

Although we are a small club, we are all close friends who have shared food, clothing, shelter, and passionate discussions with each other in the midst of nature, where we have nothing but each other to rely on.

We are always looking for new members. Please feel free to contact us if you would like to try mountain climbing or are interested in the outdoors!

Weightlifting is one of the few sports you can start at university and get the opportunity to compete in the "Intercollegiate championship". We welcome people of all experience levels. Most of our members have started this sport from university. There is no worry, we will offer guidance that suits you. In this club you can see and realize your daily growth by the number of weights you lift. You can become a stronger person from inside and outside. Also, Weightlifting has weight classes. From big to small, anyone can play, and everyone has a chance to shine. Although Weightlifting is an individual sport, you can't get strong alone. We are looking for new members to join us and enjoy our university lives together. If you like to work out, or want a muscular body, feel free to contact us. We do not have a deadline for joining. You can come at any time of the year. We are also looking for managers and trainers! We hope to see you soon.

This Club stands for enjoying and playing Noh; Traditional Japanese music theatre. Well, I think most of you don't really know about it. So let me tell you now. It said Noh has been started by Zeami in the 14th century. It is a kind of "Japanese Opera" that uses the theme from Japanese Classics like The Tale of Genji and Chinese Classics like Yoro. Actually, we don't play a whole part of Noh, but short and most exciting parts. We call them Suutai (Singing) and Shimai (dancing). Probably, it resembles Opera's Aria. Usually, we practice Noh with normal clothes. We put on Kimono and Hakama when we perform Noh in the theatre. I think it would be a good opportunity to learn how to put on Kimono. We are looking forward to playing Noh with you Guys!

Our club was founded with the motto of "Think Globally, Act locally". Originally, we carried out several projects in Democratic Republic of Congo and Zambia. For example, we conducted healthcare checkups for pupils at the primary school in Acadex (DRC) and at the orphanage named "Nsansa" (Zambia). As other activities, we also carried out some basic health surveys and took part in the healthcare education there. After these activities, we usually made some reports and tried to get some feedbacks from teachers and the club members. However, because of the COVID-19, we have not been able to visit there for these 2 years. In spite of this difficulty, we try to find some activities that can be done online, such as video chats with local staff and children in Africa, bibliographic surveys, and extra curricular classes in Japan to enlighten Japanese students about Africa.

Hi all! First, congratulations to everyone on your entrance to Keio University! We hope and pray for a blessed kick off to your semester. Moving back to our introduction, nice meeting you! We're KECF, a club for both Christians and non-Christians to hang out together in various activities such as weekly Bible studies, prayer meetings, get-together summer camps, and holiday parties. Due to Covid restrictions, a lot of our activities have been held online up to this point. Nevertheless, this actually has enabled us to gain stronger connections across campuses - turning us into an even more diverse group! There are also plans to resume in-person gatherings once circumstances improve, so in either way, we are excited for where we'll find ourselves this year. All are welcome at KECF! If you're interested or have any questions, feel free to email or DM us at our SNS accounts (Instagram, Twitter, Facebook) anytime. Looking forward to seeing you!

This is Shonan School Festival Committee, a recognized organization by Keio University, managing the SFC school festivals. Until last year, there were two festivals at SFC, Aki Festival and Tanabata Festival, which were run by separate committee members. However from this year, the two will be merged and relaunched as the Shonan School Festival Committee. This year, a newly Tanabata Festival will be managed. At the 2021 Tanabata Festival, we aimed for a new form of a school festival: online×offline. By conducting various projects that fuse virtual space and real space, we were able to create a new Tanabata Festival uniquely to SFC. Students who want many friends, or want to gain the sense of accomplishment during university years, please join the Shonan School Festival Committee! Let's create Tanabata Festival together!

Yaofuji is an agriculture club that operates right next to SFC. We work on growing seasonal vegetables and rice. In addition to devising and managing our own fields, we also collaborate with local people. Those who want to work hard on the farm! Those who want to change their mood once in a while! Those who love to cooking or be outdoors! We are organizing not only seasonal farm work, but also events and training camps if social conditions permit. While you come to SFC for classes, why don't you stop by the field right next door for our activity?
