CEMS rises one place to 11th in the QS 2024 Masters in Management (MiM) ranking

CEMS MIM ranked 11th out of 201

The CEMS MIM is ranked in the top 5.5% globally with an overall score of 86.4 out of 100 in the QS 2024 MiM ranking. The MIM performed particularly strongly in the value for money indicator group scoring an impressive 96.8 out of 100, the global average was 61.7.

CEMS scored consistently higher than the global average across all indicator groups. Out of a possible one hundred CEMS scored 84.7 for diversity (global average 63.9), 82.9 for thought leadership (global average 51.9), 82.6 for employability (global average 49.6) and 79.5 for alumni outcomes (global average 48.7).

The CEMS MIM is delivered through a global alliance of 33 of the world's leading business schools in collaboration with more than 70 corporate partners (multinational companies) and eight social partners.

Nicole de Fontaines, Executive Director of CEMS, commented:

"We're delighted that the CEMS Alliance MIM continues to rise up the QS rankings. The ranking recognises that our unique Alliance of business schools and-corporate partners offers students excellent value for money."

"CEMS schools are linked by a quality assurance system and students follow a jointly defined curriculum, including working on consultancy projects and completing internships at corporate partners."

"Our members work together to educate the next generation of responsible business leaders. This unique alliance ensures the top quality of the CEMS student experience and exceptional employability of our graduates."
